Residential Development

Current Year's Projects

Project value approximately **NT\$70 billion**, with outstanding sales performance. Among them, the entire Ruentex Elite has sold about 20%.

Projects Under Construction

Including Project Star of Nan Gang, the company currently has six projects under construction. Another three to four projects are in the process of obtaining building permits.

Revenue Recognition Schedule

CITY PARK's Q1 revenue has started coming in .

Future Project Volume

Over NT\$150 billion in project volume has been reserved for the next 10 years, and development is ongoing.

Commercial Real Estate

Ruentex Yucheng Plaza

The Ruentex Yucheng Plaza office building is approximately 70% leased, and negotiations for the sale of the entire building have commenced.

CITYLINK (Sanchong Store)

Officially opened on December 20, 2025..

Core Competitive Advantages

潤泰創新國際股份有限公司
RUENTEX DEVELOPMENT Co. Ltd

Core Strengths

1. Precast Technology Leader
2. Low-Carbon Construction Method R&D
3. AI Integration for Efficiency Improvement

Key Strategies & Achievements

- 1. Comprehensive Precast Construction System:** Covers PCS method, precast columns, beams, exterior walls, grid slabs, etc., comprehensively enhancing construction accuracy and efficiency.
- 2. Standardization of Precast Housing:** Already developed to Precast Housing 3.0, solving labor shortages through standardized modular design and significantly reducing construction carbon footprint.
- 3. Construction Digitalization & Sustainability:** Achieves construction automation through precast technology, creating a win-win situation with environmental sustainability strategies.

Industry Trend Response

- 1. Carbon Reduction Policy:** Develops low-carbon construction methods, vigorously promotes ESG practices, and responds to global and governmental carbon reduction requirements.
- 2. Responding to Government Precast Policy:** Actively participates in government-promoted precast construction, especially precast public housing, to realize housing justice.
- 3. Benefiting from the AI Wave:** Actively applies AI intelligence in high-tech factory construction, improving engineering management and efficiency.

Dividend(TWD dollar)	-	0.23	0.65	1.1	0.8	0

Core Competitive Advantages

潤泰創新國際股份有限公司
RUENTEX DEVELOPMENT Co. Ltd

Core Products and Innovation

1. Low-Carbon Cement:

Developed limestone cement, expected to reduce carbon by 10%~15%.

2. Recycled Building Materials:

Patented lightweight microbeads (recycled waste glass) with multi-functional insulation, soundproofing, and fire resistance, reducing approximately 10,000 tons of landfill waste annually.

3. High-Efficiency Construction Methods:

Introduced insulating mortar and floor grouting material, providing labor-saving, high-efficiency green building solutions.

Sustainable Carbon Reduction Strategy

1. 2030 Carbon Reduction

Target: Greenhouse gas reduction rate of 15%, achieved through low-carbon fuel conversion, process improvement, and energy efficiency enhancement.

2. Resource Integration:

Annually absorbs industrial by-products from domestic steel and other industries, with calcium raw material replacement rate exceeding 10%.

3. Waste Heat Utilization:

Integrates cement plant waste heat for sand drying, continuously reducing carbon emissions by 3,000 tons/year.

Market Position and Expansion

1. Green Energy Material

Monopoly: Taiwan's first qualified offshore wind power mortar factory and the only supplier of submarine cable thermal grout in Taiwan.

2. High Mortar Growth:

Premixed mortar sales volume has an average annual growth rate of 19%, with stable market penetration.

3. High-Quality Building

Material Agency: Introduced F★★★★ (highest Japanese environmental certification, low formaldehyde) and SIAA (Japanese antibacterial) certified wooden doors.

Operational Performance and Financial Strength

1. Continuous Revenue

Revenue continued to demonstrate a solid growth trend, supported by stable operating momentum.

2. Sound Financials: No contract disputes for 34 years, no major industrial safety incidents, sound financial health with no borrowing.

3. Stable Dividends: Long-term stable dividend payouts and high cash dividend payout ratio.

4. External Recognition:

Selected as one of the top 50 companies in operating performance by CommonWealth Magazine in 2025 and one of the "Top 10 Growth Potentials for Hidden Champion Enterprises."

Project Undertaking Capability and Market Opportunities

1. Stable Order Book: Total amount of ongoing projects is approximately NT\$5.5 billion, with unrecorded revenue of approximately NT\$2.2 billion.

2. Diversified Market Layout: Undertakes various landmark projects, including high-tech offices/laboratories, medical facilities, and commercial spaces.

3. Industry Recognition: Consistently ranked No. 1 in "Building Decoration and Renovation Industry" by China Credit Information Service for five consecutive years (2021-2025).

4. Market Trend: The operating revenue and number of businesses in the interior decoration industry have continued to grow over the past decade.

Core Competitive Advantages and Quality

1. Group Synergy: The only design company under Taiwan's top 20 groups, sharing resources from the Ruentex Construction Group.

2. Expertise and Talent: Boasts 45 professional technical personnel, significantly higher than the industry average.

3. Quality Assurance: Possesses an in-house electromechanical design department and long-term partnerships with subcontractors, ensuring excellent construction management quality.
